

Kenmont Primary School Newsletter

SPRING EDITION 6

Friday 5th March 2021

Value of the month: **Co-operation**

PE Timetable

Children must wear their PE kits to school on the days they have PE.

Monday	Tuesday	Wednesday	Thursday	Friday
Year 1 Year 2 Year 6	Whole school (dance)	Year 6 Year 5	Year 4 Year 3	Reception Year 3 Nursery

Kenmont Time Capsule

Kenmont will be storing a selection of items from the present time, which will be opened in 10 years time. This will give children a chance to look ahead, consider the preservation of memories and will be a way to show how times have changed.

We would like children to bring items in to school on Monday 8th March which will be placed in the time capsule. Children can bring in photos, letters, tickets, stories, receipts, jokes, news articles etc. Any items should be given to their class teacher.

Value of the week certificates

Nursery: Benjamin, for displaying the value of cooperation by listening to his family and doing a lot of super learning at home. He has produced an amazing amount of fabulous work.

Reception:

Year 1: Indy, for being responsive to the feedback given on his home learning (and also always being a star when he's at school!).

Year 2: Sid, for focussing, working hard and taking pride in his learning.

Year 3: All pupils and parents in Year 3, for all of their great cooperation and collaboration with our online learning during this lockdown period. Hurray for Monday!

Year 4: Year 4, for working exceptionally hard this term. Well done to children at home for cooperating with parents throughout lockdown and well done to children in school for working in a smaller peer group. - See you Monday!

Year 5: Tivan, for working hard throughout his home learning and being a really good independent learner. Well done!

Year 6: Year 6, for showing cooperation through this period by logging into Google Classroom, completing and submitting assignments, attending workshops, drop ins and live lessons. They have supported each other when they were having problems or had questions. Well done Year 6!

Messages from Teachers

Nursery, we are really looking forward to having you all back in class. We are excited to learn together again. See you on Monday.

Hello, Year 1! I am really looking forward to seeing all of you next week and I hope you are excited too! We have a lot of fun learning coming up, including reading my favourite book, Beegu. We will also be learning lots about animals and our local area which I know you will enjoy. I can't wait to see all of your lovely, happy faces! From, Miss Outen

I cannot wait to see all of Year 3 again. We will be reading one of my favourite stories called Oliver and the Seawigs as our new class book :)

Hello Year 4,

We can not wait to have you back next week! We have many exciting things planned for your return. You can look forward to science experiments about the digestive system and my favourite project about the River Thames. Everybody knows how much I love the River Thames and I can not wait to teach you about it. See you all on Monday!

From Miss Hawkes and Miss Lea

Dear children and families,

Mrs Silva and myself are really looking forward to us all being together again. For the rest of this term we are going to be learning about plants and insects. Our role play area will be a Garden Centre with a café and I cant wait to find out who has joined our Bug Hotel in the outdoor area! See you soon :)

Year 2, I am so excited to have you all back in class! We have some exciting learning planned, including programming Bee Bots in Computing. We have a brand new story for English, I am going to keep the story a secret for now but I think you will enjoy it!

We are so excited to welcome back Year 5 at Kenmont.

We have lots of fun learning planned including our projects with the old Vic and the Lyric theatres. We are so proud of you all and your incredible efforts with online learning. Well done and see you very soon!

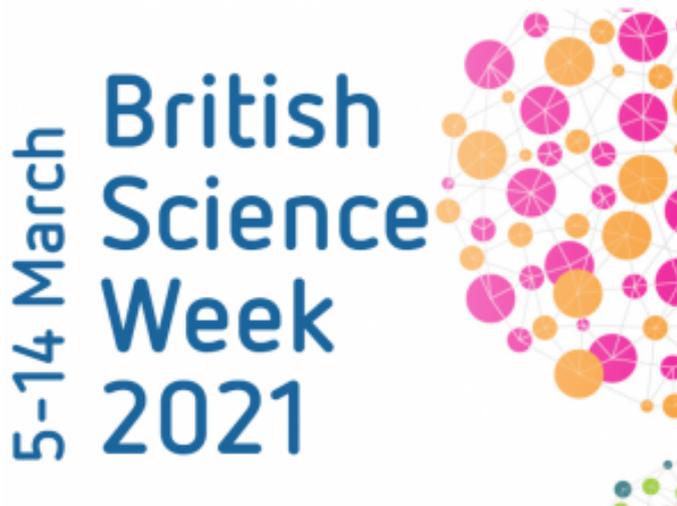

Mrs Phillips, Mrs Latham and Ms Austin.

Year 6, thank you for all your hard work during the last two months. I am so excited that we will all be back in class next week! I have missed you all and can't wait to see you all again.

Ms Young.

SOTSEF21 presents Kitchen Chemistry, Virtually Science Magic

Saturday 6th March 2021, 10:30am

Virtual remote show featuring the demos Ian B Dunne can get away without blowing up his house or frying the electronics. Just like a live show, apart from the funny smells.

<https://sciencelive.net/event/1170/>

Saturday 6th March 2021 2pm

A workshop to have fun and create art at home inspired by the connections and tangles in the brain. Learn about how the brain works and what it is made off. Talk to scientists who study the brain and to artists who created art about the brain. You will only need some simple materials like paper and card, string or yarn, poster paint and glue.

<https://www.eventbrite.co.uk/e/cognitive-digestives-tickets-141668196389>

Weekends 1:30-2pm

After-lunch live quizzes, fun competitions and toy experiments on topics from cognitive psychology and neuroscience, including colour, size and depth perception, memory and learning, language, emotions, and mindfulness.

Find out more about the sessions [here](#).

Thursday 11th March 2021, 4pm

A virtual escape room. Can you solve the puzzles and find the answers to help us Escape Climate change? Escaping climate change is a subject close to Greta Thunberg's heart, we need you to solve the puzzles to find the missing words from one of her speeches. Work on your own or in team, in your own time and at your own pace. What part you can play in helping your health and the health of generations to come?
